TODAY'S STEAM SOLUTIONS

Crown Steam Group foodservice equipment is a leading design and manufacturer of steam cooking equipment for the commercial foodservice industry.

JANUARY 2021 EDITION

FOR AUTHORIZED DEALERS -TERMS are net 30, with approved credit. Products are shipped FOB Toronto ON, Canada. All steam equipment - (for shipment outside the continental United States), is shipped FOB Toronto, Canada. Prices are subject to change without notice.

RETURNS*: **Prior authorization** must be received in order to return merchandise. Credit will be issued for returned product less initial delivery freight cost. All authorized returns must be freight prepaid, and are subject to a 35% restocking charge. All authorized returns will be paid by credit memo. Refurbishing, if necessary, will be an additional charge and will be deducted from any credit that may be allowed. Items not stocked, specially configured or built to order do not qualify for return. Any specials that are authorized for return, may be subject for a fee beyond the standard restocking fee. Returns must be received at the assigned return address within sixty (60) days from authorization date. Crown Steam Group reserves the right to refuse or charge a 45% restocking fee on equipment returned without prior authorization.

*Custom options are non-refundable, non returnable items.

TITLE passes to the consignee when merchandise is accepted by the carrier, and thereafter travels at the risk of the purchaser. FOB Factory.

SUBSTITUTIONS in material or design will be made as needed, and may be done without notification when necessary. PLEASE SPECIFY (a) finish, (b) type of gas, (c) BTU content, (d) altitude (where applicable), or (e) voltage, (f) phase and (g) cycle when ordering.

CHANGES: Additional costs incurred due to changes requested within two weeks of scheduled shipping date will be chargeable.

PRICES in this list are **limited to goods purchased and shipped in the United States**. Please apply to the factory or one of its export agents for quotations on merchandise to be shipped into other areas. All prices are in U.S. dollars. All prices are subject to change without prior notice.

START UP: This is the initial uncrating and set up of the equipment which is not covered under Crown Steam Group warranty. This will include piping, electrical and gas connections. This also includes the first "turn on and check" of any gas or electric equipment.

PERFORMANCE CHECK: This is only done after the start up has been performed by the installer. This check includes a 15 point examination by the service agent to be sure the equipment has been installed and started up correctly. Crown Steam Group pays a flat fee per each piece of equipment when a service agent is available in the area. Available only on Heavy Duty Steam.

Crown offers a **24/7 Warranty** on all of our equipment. That means... 24 hours a day,
7 days a week - if you have a problem, we have a solution.

To speak with a Customer Service Representative contact us at **919-762-1000**
When placing an order, please fax to **919-762-1121** or email **po@crowsteamgroup.com**. For more information on Crown
and our array of Steam Commercial Kitchen Equipment, visit us at www.crowsteamgroup.com.

All of our products are listed by UL, CSA and NSF (where applicable)

Ship Happens ... at Crown Steam Group

Ship Happens Program by Crown Steam Group

- Same Day Shipping - Guaranteed -
- Large Inventory Selection - Guaranteed -
- Quality - Guaranteed -

Crown Steam Group recognizes the need for short lead times in today's fast paced commercial kitchen industry. The Ship Happens program answers this need with a SAME DAY shipment guarantee on a variety of dealer showroom products. Get the quality you deserve with Crown Steam Group products for that customer who is in a hurry. Our best selling products are in stock and ready for instant shipping to your warehouse or direct to your customer!

Program Details

- * \$53 Invoice credit if order fails to ship the same day. (Not applicable to Kettles and Fryers)
- * Purchase Order must have "Ship Happens" clearly marked and emailed to PO@crowsteamgroup.com.
(Please include the correct gas and electrical types. The program is limited to specific gas types stocked.)
- * Account must be in proper credit standing to allow same day shipment.
- * Orders requiring Buying Group credit approvals may be delayed, and not subject to invoice credit if not the fault of Crown Steam Group.
- * Normal freight terms apply.
- * This program is intended for the quick shipping of less than 3 pieces of product.
- * Units required for elevation over 2,000 feet are excluded from the program.

Freight Information

Third Party Billing for Hawaii and Alaska

Freight Rates for orders under \$10,600

- 1 piece of equipment - \$ 250
- 2 pieces of equipment - \$ 350
- 3 or more pieces of equipment - \$ 450

FREIGHT DAMAGE: **DO NOT SIGN** for equipment until you have thoroughly inspected it for obvious or concealed freight damage. Once signed for, the customer takes full responsibility for the shipment. We can, however, assist the customer if a freight claim is needed.

Notes: Rates ONLY apply if:

1. Freight ships from Crown warehouse location.
2. Crown Steam Group chooses freight carrier.
3. Crown Steam Group must pre-pay and add freight to invoice.

Additional Charges

Lift Gate Delivery = \$ 125
All other requests, call for pricing.
10% surcharge for international orders shipping outside

of North America

Freight Classification

The bulk of Crown Steam Group commercial equipment is rated 85 or 100.

Special configurations or non-standard crating may add to the classification.

Rate classifications are subject to change without notice.

7

STEAMERS, KETTLES AND BRAISING PANS

Crown offers a complete line of Heavy-Duty Steam equipment to compliment our cooking line. We have hundreds of models available ranging from: Rapid Recovery Convection Steamers, Large Volume Kettles and Heavy-Duty Tiltting Skillets.

Our braising pans are versatile units that can roast, fry, braise, boil, simmer, thaw, sauté, grill, warm, steam, proof, hold and serve practically any menu item.

Steam jacketed kettles are widely used as a substitute for stock-pot cooking. Kettle cooking is more gentle, highly consistent, and much faster than stock-pot and other cooking methods.

Counter Steamers

Convection Steamers

Kettles

Skillets

Electric Counter Connectionless Steamers

EPX-5
with optional stand

Standard Features for all Counter Steamers

- 304 stainless steel exterior
- 316 stainless steel cooking chamber and coved corners
- Heavy gauge stainless steel door with full perimeter gasket
- Positive lock and seal mechanism with spring release door
- Illuminated power switch
- Ready indicator light
- Cooking indicator light
- 60 min electromechanical timer with end of cycle audible alarm
- Removable stainless steel pan supports
- Electromechanical controls

EPXN Narrow Counter Steamer - Manual Fill / Manual Drain

EPXN-3

Standard Features

- 3-5 Pan
- 4" Legs standard
- Can stack up to 2 units (factory installed only)
- Removable steam diffuser plate
- Add water indicator light with audible alarm
- Selectable timed or continuous cooking mode

Model Number	Description	Pan Capacity (2-1/2")	Weight	Dimension WxHxD	List Price
EPXN-3	Electric 9 kW Countertop Steamer - 3 pan - Manual Fill	1-3	161 (73)	18.1"x23.1"x29"	\$12,130
EPXN-5	Electric 15 kW Countertop Steamer - 5 pan - Manual Fill	1-5	183 (83)	18.1"x29.5"x29"	\$13,255

EPX Counter Steamer - Manual Fill / Manual Drain

EPX-3

Standard Features

- 3-5 Pan
- 4" Legs standard
- Can stack up to 2 units (factory installed only)
- Removable steam diffuser plate
- Add water indicator light with audible alarm
- Selectable timed or continuous cooking mode

Model Number	Description	Pan Capacity (2-1/2")	Weight	Dimension WxHxD	List Price
EPX-3	Electric 9 kW Countertop Steamer - 3 pan - Manual Fill	1-3	161 (73)	24"x23.1"x25"	\$12,734
EPX-5	Electric 15 kW Countertop Steamer - 5 pan - Manual Fill	1-5	183 (83)	24"x29.5"x25"	\$13,963

Electric Counter Convection Steamers

SX Counter Steamer - Auto Fill / Auto Drain

SX-5

Standard Features

- 3-5 Pans
- Can stack up to 2 units
- Automatic water fill system
- Auto drain system
- On/off power switch
- Low water indicator light
- Water in "Y" strainer
- Water Treatment System

Model Number	Description	Pan Capacity (2-1/2")	Weight	Dimension WxHxD	List Price
SX-3	Electric 7.5 kW Countertop Steamer - 3 pan	1-3	141 (64)	24"X19.1"X27.5"	\$12,892
SX-5	Electric 15 kW Countertop Steamer - 5 pan	1-5	169 (77)	24"X25.5"X27.5"	\$15,457

SXN-4M Narrow Counter Steamer - Auto Fill / Manual Drain

SXN-4M

Standard Features

- 4 Pans
- 4" Adjustable Legs standard
- Can stack up to 2 units
- Automatic water fill system
- Manual drain system
- Removable steam diffuser plate
- Water in "Y" strainer
- Water Treatment System

Model Number	Description	Pan Capacity (2-1/2")	Weight	Dimension WxHxD	List Price
SXN-4M	Electric 10 kW Narrow Countertop Steamer - 4 pan	1-4	112 (51)	18"x26.5"x29"	\$13,103

SXN-4 Narrow Counter Steamer - Auto Fill / Auto Drain

SXN-4

Standard Features

- 4 Pans
- Can stack up to 2 units
- Automatic water fill system
- Automatic drain system
- On/off power switch
- Water in "Y" strainer
- Water Treatment System

Model Number	Description	Pan Capacity (2-1/2")	Weight	Dimension WxHxD	List Price
SXN-4	Electric 10 kW Narrow Countertop Steamer - 4 pan	1-4	112 (51)	18"x26.5"x29"	\$14,324

Gas Counter Convection Steamer

SX-5G3

Gas counter top convection steamer with atmospheric steam generator

Standard Features

- Stainless steel construction
- Coved interior corners
- Automatic generator blow down valve
- Delime mode power setting
- Split water connections for simple hook up for a treated water system.
- 4" Adjustable legs standard
- Water Treatment System

Gas Counter Steamer - Auto Fill / Auto Drain

Model Number	Description	Pan Capacity	Weight	Dimension WxHxD	List Price
SX-5G3	Gas 47K BTU Countertop Steamer (5 pan) - Auto Fill / Auto Drain	1-5	250 (113)	24"X25"X32.5"	\$23,844

Options and Accessories

Model Number	Options and Accessories	List Price
TS-120-1	120 Minute Timer (Electric Steamer Only) one compartment.	\$244
TS-120-2	120 Minute Timer (Electric Steamer Only) two compartment.	\$487
HSB-1	High Sensitivity Board for reverse osmosis water (208/240volt) one compartment (SX-3 & SX-5).	\$657
HSB-2	High Sensitivity Board for reverse osmosis water (208/240volt) two compartment (SX-3 & SX-5).	\$1,315
CSF-1	Constant Steam Feature. Priced per compartment (SXN-4M , SXN-4, SX-3 & SX-5)	\$701
SSL-4	Stainless Steel 4" High Legs (SXN-4, SXN-4M, SX-3 & SX-5)	\$262
CSFF-4	Counter steamer flanged feet	\$833
SK-1	Stacking Kit For Two Units (SXN-4, SXN-4M, SX-3 & SX-5)	\$37
SIP-2	Interconnect Plumbing For Two Units (SX-3, SX-5, SXN-4 & SXN-4M)	\$895
SHS	Heat shields (per compartment)	\$895
S75-10	7.5KW increased to 10KW (SX-3)	\$777
SEVS-5	380, 415, 440, 460 or 480 Volts, 3 Phase, 50 or 60 Hertz (SXN-4M, SXN-4, SX-3, SX-5, EPXN-3 & EPXN-5)	\$1,041
SEVS-6	575 or 600 Volts, 3 Phase, 50 or 60 Hertz (EPXN-3, SX-3 & SX-5)	\$1,504
SGVS-1	220 Volts, 1 phase, 50 or 60 Hertz (SX-5G3)	\$1,133
DHK	Drain Hose Kit includes 5' hose with fitting (SXN-4M, EPXN-3, EPXN-5, EPX-3 & EPX-5)	\$334
SPR-1	Extra Rack (SX-5)	\$63
Stands and Caster options		
RL28	Single Unit 28" High Stand: (SX-3 or SX-5)	\$1,852
RL28X	Single Unit 28" High Stand: (EPX-3 or EPX-5)	\$2,011
CK-2	Casters, 3" High, Set of 4 (EPX-3 and EPX-5 with RL28X stand only)	\$1,097
RL23XN	Double Units 23" High Stand: (SXN-4M or SXN-4)	\$1,852
RL28XN	Single Unit 28" High Stand: (SXN-4M, SXN-4, EPXN-3 or EPXN-5)	\$2,011
RL28G	Single Unit 28" High Stand: (SX-5G3)	\$2,096
RL34	Single Unit 34" High Stand: (SX-3 or SX-5)	\$2,230
RL18	Double Unit 18" High Stacking Stand: (2) SX-5 Units	\$1,706
RL23	Double Unit 23" High Stacking Stand: (2) SX-3 Units	\$1,797
R18SS-3	Double Unit Stacking Stand, 60" Total Height for (2) EPXN-3 Units	\$3,564
R18SS-3	Double Unit Stacking Stand, 66" Total Height for EPXN-3 over EPXN-5	\$3,564
R18SS-5	Double Unit Stacking Stand, 69" Total Height for (2) EPXN-5 Units	\$3,564
S-EPXSS-1	Double Unit Stacking Stand, 58" Total Height for (2) EPX-3 Units	\$3,564
S-EPXSS-1	Double Unit Stacking Stand, 64" Total Height for EPX-3 over EPX-5	\$3,564
S-EPXSS-2	Double Unit Stacking Stand, 71" Total Height for (2) EPX-5 Units	\$3,564

Twin Generator Convection Steamers

High Performance - High Efficiency

SX-10G3

GSX-10HE

Standard Features

- Stainless steel construction
- 316 stainless steel cooking chamber
- POWERFUL self-contained atmospheric steamer
- Unique, high output steam injectors for quick recovery and increased production
- Available in 7 pan, 10 pan, and 16 pan models.
- Water Treatment System

Compartment Individual Generators on Cabinet Base

Model Number	Description	Weight	Dimension WxHxD	List Price
SX-34EC	Electric Convection Steamer - 7 pan (one 3 pan; one 4 pan), 24 cabinet base - 17.5kW	350 (159)	24"x58.75"x33"	\$28,566
SX-55EC	Electric Convection Steamer - 10 pan (two 5 pans), 24 cabinet base - 30 kW	395 (179)	24"x68.5"x33"	\$32,245
SX-7G3	Gas Convection Steamer - 7 pan (one 3 pan; one 4 pan), 24 cabinet base - 94,000 BTU	625 (285)	24"x76.25"x37"	\$35,040
SX-10G3	Gas Convection Steamer - 10 pan (two 5 pans), 24 cabinet base - 94,000 BTU	675 (305)	24"x76.25"x37"	\$35,715
High Efficiency/Performance Pressureless Steamers				
GSX-7HE	Gas Convection Steamer - 7 pan (one 3 pan; one 4 pan), 24" cabinet base - 140,000 BTU	650 (295)	24"x67"x33.13"	\$37,223
GSX-10HE	Gas Convection Steamer - 10 pan (two 5 pans), 24" cabinet base - 190,000 BTU	700 (318)	24"x72"x33.13"	\$37,072
GSX-16HE	Gas Convection Steamer - 16 pan (two 8 pans), 36" cabinet base - 190,000 BTU	900 (408)	36"x70.375"x33.13"	\$39,382

Model Number	Options and Accessories	List Price
SEVS-1	380, 3-phase 50 or 60 Hz (Specify)	\$2,185
SEVS-2	415, 3-phase 50 or 60 Hz (Specify)	\$2,185
SEVS-3	440,460,480 VAC, 3-phase 50 or 60 Hz (Specify)	\$2,185
SEVS-4	575 or 600 VAC, 3-phase, 60 Hz	\$2,185
SEPG-1	Rack pan guides in cabinet base (SX-34EC ONLY)	\$679
SGVS-2	220/1/50 or 60Hz controls per compartment	\$2,472
CK-3	A set of (4) Casters (GSX-7HE, GSX-10HE and GSX-16HE ONLY)	\$1,259
SPS-1	Sheet pan supports (18x26) in lieu of standard pan supports – 16 pan only per compartment	\$649
SPS-2	Sheet pan supports (18x26) supplied with standard pan supports – 16 pan only per compartment	\$1,064
CSF-1	Constant steam feature. Priced per compartment (SX-34EC and SX-55EC)	\$701

Water Treatment Systems

Water is the essential ingredient in steam equipment. Water quality the major factor affecting the performance of your appliance. Southbend offers a Comprehensive Water Treatment System which exceeds our minimum water requirements.

Proof of installation and proper cartridges replacement is required for warranty coverage.

Water supply to Southbend steamers must be within these guidelines:

- Total dissolved solids: Less than 60 PPM
- Total alkalinity: Less than 20PPM
- Silica: Less than 13PPM
- Chlorine: Less than 1.5PPM
- PH Factor: 6.8 - 7.3

Water which does not meet these standards should be treated by an installation of Middleby's TruH₂O Water Treatment Systems. Call 919-762-1000 if you have question concerning your water meeting these parameters.

PEACE OF MIND WITH TRUH2O

The Middleby's TruH₂O water treatment systems provides the necessary technology to eliminate most chlorine, sediment and to solve all scale problems. Our water treatment system is effective on all water conditions.*

- Neutralizes scale
- Up to 99% chlorine reduction
- 5 micron filtration
- Incoming PH factor should be greater than 7.3
- Easy cartridge change out
- Quick disconnect fittings
- Up to 6 month cartridge life*

**TruH₂O
200MS2**

**TruH₂O
Mini R**

Stage 1 - Carbon

Our carbon block cartridge will remove up to 99% of the chlorine in water.

Stage 2 - Citryne

This Southbend water treatment system provides the necessary technology to solve scale problems. Our water treatment is effective in all water scale conditions.

Systems must be installed and maintained at scheduled intervals to keep warranty valid.

*-In areas with known high levels of water hardness, more frequent replacement of scale inhibitor cartridges may be necessary, possibly every 3 months.

Model Number	Terry Model Number	Description	List Price
71528211	TruH ₂ O 200MS2	HIGH PERFORMANCE - Complete water treatment system with Citryne to eliminate effects of scale, carbon filtration to eliminate chlorine, bad taste, odors and will filter to 1 micron. 2 GPM flow.	\$1,350
Replacement Filter System Parts			
71558211	TruH ₂ O 200MSR	Replacement Pak for TruH₂O 200MS & TruH₂O 200MS2 - Includes 1 ea. TruH₂O M-C cartridge and 1 ea. M-S cartridge	\$871
71558241	TruH ₂ O 210MSR	Replacement Pak for TruH₂O 210MS2 - 10" cartridge system - Includes 1 ea. TruH₂O M-C10 cartridge and 1 ea. M-S10 cartridge	\$691
71058001	TruH ₂ O Mini R	Replacement Pak for TruH₂O Mini Systems. Includes stage 1 & 2	\$513
Additional Treatment Options			
71616101	MQC1	QuickClean 1 lb (1 oz to be used each week with pan based steamers)	\$106

For ALL Replacement Cartridges, call Terry Water Systems directly at 480-591-4073
For areas with heavy silica content please call Terry Water Systems at 480-591-4073 for a custom solution.

GUIDELINES FOR CHOOSING BOILER SIZE

Available Kettle Capacity for Common Steamers Using a Steam Take-off

Model Number	Input	Additional Kettle Capacity

10 Pan	45 (per compartment)

Cooker Guidelines

STEAM FLOW RATE REQUIREMENTS OF CROWN STEAMERS (lbs. Per hour @ 10 psig)		
Model (Series)	Rate required at start up per compartment	Rate required during cooking per compartment
Convection Steamers	30	30
Pressure Steamers	30	15
Do-All Steamers (Full Size) (Pressure Mode) (Convection Mode)	62 62	15 62
Do-All Steamers (Half Size) (Pressure Mode) (Convection Mode)	30 30	12 30

Direct steam kettles require a steam trap for operation. Depending on the installation, a steam trap, inlet globe valve, pressure reducing valve, line strainer, and/or ball float trap must be installed with suitable piping and plumbing fittings. These items may be ordered as an option at extra cost from Crown or may be provided by others.

Food service boilers have a limited steam reservoir. When multiple pieces of equipment are powered by a single boiler, each kettle or compartment should be heated sequentially, allowing the boiler to recover pressure before starting the next piece of equipment.

Boiler drain lines discharge hot condensate and steam which may affect the operation of the boiler or other equipment. Drain outlets should be plumbed indirectly to a floor drain outside the confines of the boiler and away from other equipment.

Remote boiler sizing requires consideration of the size, length and type of pipe used, as well as the number of bends and joints. Crown recommends the use of a professional food service consultant or mechanical engineer for remote boiler specification.

Convection Steamers with Cabinet Base

DCX-10-24

Standard Features

- Stainless steel construction for easy cleaning and rust prevention
- 316 stainless steel cooking chamber
- Coved corners
- Easy to operate controls
- Easy open, heavy-duty door with quick release handle
- Auto steam generator blowdown - standard
- 6 pan capacity
- CSD Code Package standard
- Electronic Ignition - boiler base models
- Water Treatment System
- Nickel plated boiler

Water Treatment System

Middleby's TruH2O water treatment systems provide the necessary technology to control chlorine, sediment and to solve scale problems. Our water treatment system is effective in all water conditions.

- Neutralizes scale
- Up to 99% chlorine reduction
- 5 micron filtration
- Incoming PH factor should be greater than 7.3
- Easy cartridge change out
- Quick disconnect fittings
- Up to 6 month cartridge life*

*-In areas with known high levels of water hardness, more frequent replacement of scale inhibitor cartridges may be necessary, possibly every 3 months.

TruH2O 210MS2 - \$1,350

Stage 1 - Carbon

Our carbon block cartridge will remove up to 99% of the chlorine in water.

Stage 2 - Citryne

This Crown Steam Group water treatment system provides the necessary technology to solve scale problems. Our water treatment is effective in all water scale conditions.

Convection Steamers with Kettles

DCX-10-6-10

Standard Features

- Stainless steel construction for easy cleaning and rust prevention
- 316 stainless steel cooking chamber
- Coved corners
- Easy to operate controls
- Easy open, heavy-duty door with quick release handle
- Auto steam generator blowdown - standard
- 10 pan capacity
- CSD Code Package standard
- Electronic Ignition - boiler base models
- Water Treatment System
- Nickel plated boiler

6 Pan Convection Steamer with Kettles

Counter Kettles

EC-6TW

Standard Features

- Stainless steel construction and liner for high acid content products
- 316 stainless steel liner
- Easy to operate controls with temperature dial, ready light, and low water shut-off
- Removable handle with heat resistant knob (where applicable)
- 50 PSI
- 2" tangent draw-off with perforated strainer and spring assist cover standard on floor model stationary kettles
- Removable elements
- Electric Counter Kettles with dual phase field convertible (208,220,240 volt only)
- 10 year hemi warranty (see warranty statement for full details)

STEAMERS, KETTLES, SKILLETS, & OVENS

Whatever your application, Market Forge has a convection steamer to make you more productive in less time and for less money.

Steam cooking has been used for decades by institutions ranging from schools to sports arenas to produce large amounts of food quickly. Market Forge is uniquely positioned to fit your needs. So whether you need to cook fresh lobster bisque or a whole lot of hot dogs, the Market Forge lineup will meet your demands.

Market Forge also offers a line of marine electric convection ovens and indirect fired convection ovens.

Convection Steamers

Short Tilting Kettles

Tilting Skillets

Atmospheric Steam Generators

ETP-10G

Eco-Tech Plus® Series

This industry first ENERGY STAR qualified steamer, with a built-in water filter system, incorporates a water management system that reduces the amount of water used to condense generated steam, while adding substantial savings on energy-related costs. SAVE 80 to 100 gallons of water per hour over other convection steamers.

Standard Features

- Built-in water treatment system and water management system
- Independent steam generator for each compartment
- Automatic water level control and low water cut-off
- Steam on demand feature
- Illuminated 3 way ON/OFF/delime power switch
- Slam action doors and door interlock switch
- 60-minute timer
- Four 6" adjustable flanged feet
- Can be used as holding cabinet

Boilerless Convection Steamers

Altair II-6

Altair II Series

Available in five capacities. Features a convection fan that increases steam velocity and distribution efficiency by pulling moist hot air past food, then forcing it against cooking chamber to be reheated.

Standard Features

- Internally preheated incoming water for quick recovery
- Circulating fan for fast cooking times
- Cast aluminum cooking compartment provides superior temperature retention
- 3-cooking positions; low temp/steam/super steam
- Clean probe indicator light and heating indicator light
- Clean water reservoir system (keeps food out of the water)
- Manual front drain valve
- Redundant safety systems
- Condensate trough plumbed to drain at rear
- Water sensing probe and water-fill timer
- 60 minute timer
- Control panel pulls out easy service access
- Water Treatment System

Altair II Series Boilerless Countertop & Stacked Electric Steamers

The Market Forge Boilerless Advantage

- Patented design allows for higher cooking temperatures and faster recovery
- Less water and energy consumption
- More money in your pocket
- Easy to clean, less work equals less down time
- Boilerless design means little deliming or descaling required
- No boiler replacement costs
- Fewer service and maintenance calls
- Water Treatment System

Boilerless Convection Steamers

Sirius II-10

Sirius II Series

Available in five capacities. Features a convection fan that increases steam velocity and distribution efficiency by pulling moist hot air past food, then forcing it against cooking chamber to be reheated.

Standard Features

- Internally preheated incoming water for quick recovery
- Circulating fan for fast cooking times
- Cast aluminum cooking compartment provides superior temperature retention
- Water sensing probe, water-fill timer, manual front drain valve
- Clean water reservoir system (keeps food out of the water)
- Clean probe indicator light and heating indicator light
- 3-cooking positions; low temp/steam/super steam
- Condensate trough plumbed to drain at rear
- Control panel pulls out for easy service access
- Redundant safety systems
- 60-minute mechanical timer
- Choose from propane or natural gas
- Water Treatment System

Steam-It Pressure Steam Cooker

ST-E

Steam-It Countertop Pressure Cooker

The Steam-It cooks fresh seafoods, vegetables, pasta, poultry and eggs in just minutes. Steam 30 lbs. of potatoes in 30 minutes and six 1 lb. lobsters in 6 minutes. The Steam-It with three pans can out perform larger capacity steamers.

Standard Features

- Compact - requires just 18-3/4" of counter space
- Self-contained unit DOES NOT require plumbing or drain connection
- Mounts on any surface with four 6" adjustable legs
- 60-minute timer with audible alarm (signals end of cooking cycle)
- Low water cut-off switch
- Manual water fill and drain
- ASME vessel

Tilting Kettle

Gas Floor Kettles

Tilting floor kettles are perfect for preparing a large amount of food. Kettles are designed to be tilted past 90° for making complete emptying as easy as possible.

FT-40GLS

Standard Features

- Short-height kettle (FT-40GLS) has a height of 36 inches for improved ergonomics
- Rated for operation to 50 PSI
- Optional spring assist hinged cover
- Electric ignition, pressure gauge, safety valve and high/low water cut-off
- Six foot cord and 3 prong plug
- Tilting mechanism is self locking positive stop action will allow the kettle to tilt past 90° for complete emptying
- Optional draw-off valves available

2/3 Jacketed, Gas, Ergonomic Short Height Tilting Kettle

Model Number	Description	Weight	Dimension WxHxD	List Price
FT-40GLS	40 gallon, gas, short height, quad leg tilting kettle - 125,000	987 (448)	52"x38"x52"	\$65,629

Modular Base Tilting Kettles

Electric Large Capacity Kettles

This stainless steel cabinet base electric steam kettle is capable of BIG things. Tilting type shall tilt nearly upright to allow complete emptying of contents under positive control by turning removable crank. Tilting may be stopped at any time without kettle settling back.

Standard Features

- Water Treatment System
- Available in 25 and 40 gallon capacity
- 2/3 jacketed, type 316 stainless steel liner
- Automatic fill and cold water condenser system
- All stainless steel, equipped with easy-to-clean cover, sanitary draw-off valve with removable strainer, removable swing drain and hot and cold water fill faucets
- Easy transfer of foods with exclusive Market Forge pan support that positions pan just below kettle lip throughout tilting operation
- Modular cabinets enclose kettle, steam pipes, safety valve, low water cut-off, sight gauge and pressure gauge
- 4 flanged adjustable 6" stainless steel legs counter-balanced lid with insulated knob
- Comes with standard manual tilt or optional power tilt
- Nickel plated mini boiler
- ASME certified boiler is self contained within modular base

MT-PT	Optional Power Tilt	\$2,437
TKS-25MT	For MT-25EO MF kettle	\$1,931
TKS-40MT	For MT-40EO MF kettle	\$2,513

DON'T COOK WITHOUT YOUR JACKET

Steam is generated in the kettle jacket and used to heat the product gently, keeping a constant temperature and never burning or scorching - just great results every time!

Tilting Skillets

Universe Plus Floor Model Tilting Skillets

The Universe Plus tilting skillets come in gas or electric models. Choose from 30 or 40 gallon capacity and either open or closed base.

Standard Features

- Pan is 304 stainless steel with a polished interior and coved corners for ease of cleaning
- 60 minute timer, solid state temperature controller, manual tilt operation
- 10 gauge stainless steel satin finish exterior and polished interior
- Skillet pan is 9" (229 mm) deep with etched gallon or liter markings
- Gas models come with pilotless ignition
- Four adjustable 6" flanged feet

Electric Floor Model Tilt Skillets

Model Number	Description	Weight	Dimension WxHxD	List Price
30P-STEL	30 gallon electric tilt skillet on open leg base - 12kW	515 (234)	36"x37.75"x41.44"	\$29,854
30P-STEM	30 gallon electric tilt skillet on closed base - 12kW	545 (247)	36"x37.75"x41.44"	\$32,324
40P-STEL	40 gallon electric tilt skillet on open leg base - 18kW	630 (286)	46"x37.75"x41.44"	\$32,125
40P-STEM	40 gallon electric tilt skillet on closed base - 18kw	660 (299)	46"x37.75"x41.44"	\$34,708

Gas Floor Model Tilt Skillets

Model Number	Description	Weight	Dimension WxHxD	List Price
30P-STGL	30 gallon gas tilt skillet on open leg base - 93,000BTU	535 (243)	36"x37.75"x41.44"	\$34,769
30P-STGM	30 gallon gas tilt skillet on closed base - 93,000BTU	565 (256)	36"x37.75"x41.44"	\$37,351
40P-STGL	40 gallon gas tilt skillet on open leg base - 126,000BTU	695 (315)	46"x37.75"x41.44"	\$37,066
40P-STGM	40 gallon gas tilt skillet on closed base - 126,000BTU	725 (239)	46"x37.75"x41.44"	\$39,647

What size Skillet is right for you?

Meals per Hour	Suggested Skillet Size
100-350	One 30 gallon pan
351-500	One 40 gallon pan
501-750	Two 30 gallon pans
751-1,000	Two 40 gallon pans

Options and Accessories

Model Number	Description	List Price
SPI-30	Steam Pan Inserts 40 Gal Models	\$1,612
SPI-40	Steam pan insert for 40 and 60 gallon models	\$1,836
MS-DVDC	Drain Cup with 8' Hose (For 2" Draw-Off Valve)	\$1,254
98-4216	Water Hose Kit, 60" Line w/Quick Disconnect, 3/8" NPT (1 hose per kit)	\$832

FB	Faucet Bracket	\$242
MS-PC	Pan Support	\$1,222
MS-SEISFT	Seismic feet (set of 4) installed at factory only	\$1,093
MS-CK	Casters	\$937
MS-CKSRH	Casters and Strain Relief with Gas Hose	\$2,167
MS-SRH	Gas Strain Relief with Gas Hose	\$993
MS-DOS	2" Draw-Off Strainer	\$180
MS-SSHA	Spring Support Hose Assembly for Spray Hose Assembly	\$665
MS-PT	Power Tilt	\$2,892
MS-PS	Lip Strainer	\$199
MS-DV-2	2" Tangent Draw-Off, with Strainer	\$3,705
MS-DVHK-2	2" Draw-Off, with Drain Kit Hose Assembly	\$5,301
MS-SDP-1	Pull-Out Sliding Sink Drain Drawer w/Splash Shield for Open Leg Skillets (Factory installed only)	\$3,717
ESVS-1	380 OR 415 VOLT, 3 PHASE (specify)	\$1,824
ESVS-2	440-460-480 Volt Option for electric skillets, add	\$1,824
ESVS-3	Export voltage upcharge	\$2,433
GSVS-1	220v Upcharge For Gas Units	\$1,227
HTC	Export crating - NET per/section	\$873
EKVS-2	440, 460 or 480 volts, 60 Hz, 3-phase	\$1,824
EKVS-3	575 or 600 volts, 60 Hz, 3-phase	\$2,433
MS-MP30	Modular panels, 30 gallon model	\$1,810
MS-MP40	Modular panels, 40 gallon model	\$1,953
Prison Packages		
P-TPSTW	Tamper proof screws & tackwelds where applicable	\$856
P-HCC-S30	Hinged cover over control panel w/ locking provision-lock by others	\$2,425
P-HCC-S40	S/s hinged cover over control panel with locking provision	\$3,732
P-LHC	s/s locking hasp on cover - lock by others	\$663

Cord and plug are standard on all gas skillets.

MS-DVDC
Drain Cup w/Hose

MS-DVHK-2
2" Draw-Off /Drain Kit

MS-SFRSH & MS-SSHA
Single Pantry Faucet
w/68" spray hose, and spring
support for hose assembly

MS-DFRSH & MS-SSHA
Double Pantry Faucet
w/68" spray hose, and spring
support for hose assembly

Marine Electric Convection Ovens

MSA-SB-2600

Marine Military Sub-Access Convection Oven

Market Forge Military Sub-Accessible is a high efficiency electric convection oven equipped with cook & constant cook controls. Constant cook permits operator to preset oven to cook food at a constant temperature for an infinite amount of time.

Standard Features

- Stainless steel panels, top, rear, and sides
- Stainless steel french type doors, opens a full 180°
- Stainless steel oven interior with coved corners - water proof design
- Nine position oven supports, 5 racks standard
- Safety door latch keeps doors closed in any pitch
- Controls include: main power switch, thermostat with indicator light and temperature range (200°-475°F), electromechanical 60-minute and Constant Cook timer with audible alarms.
- 2 speed fan selector, High and Low
- (4) Flanged Feet

Electric Convection Oven

Model Number	Description	Weight	Dimension WxHxD	List Price
MSA-SB-2600	Marine single electric convection oven	350 (159)	36"x25.25"x37.18"	\$28,388
MSA-SB-2692	Marine double stack electric convection oven	700 (318)	36"x50.50"x37.18"	\$56,776

Indirect Fired Convection Oven

CKOVEN

CK Convection Oven

Full size indirect fired convection oven (intended to be used with an external heat source that is not supplied)

Standard Features

- Indirect fired - does not allow harmful flue gases into the oven cooking cavity
- Small footprint - 36" wide x 35" front to back
- Two speed motor - high speed, 1650 rpm / low speed, 1375 rpm
- Multiple cook timers - (1) 5 hour timer and (1) 60 minute timer
- Independent solid doors - allows motor to cool down oven with one door open - could also serve as a secondary heat source when the oven doors are left open
- Full size oven - capacity allows for (5) full size sheet pans
- Cooking cavity - has coved corners for ease of cleaning
- Stainless steel construction - interior & exterior

CKOVEN	Full size indirect fired convection oven	350 (159)	36"x31"x35"	\$13,333

CUCIMIX AND BETTERPAN BRAISING PANS

Firex is the leader in specialized and automated commercial cooking equipment. We have learned how to draw on 40 years of experience, knowledge and technical skill in the industry to create a unique and one of a kind product. This has allowed us to manufacture cooking systems capable of coping with large volume kitchens and food production needs all while reducing labor, stress on staff, and producing a consistent result every time. Automatic features, precision programmability, built in HACCP program recording data, and pressurized units are the distinguishing features of the Firex brand.

Cucimix - Small Automated Braising Pan with Mixer

Cucimix - Automated Pressurized Braising Pan with Mixer

BetterPan - Pressurized Braising Pan

Multicookers - Pasta Cooker

Automated Braising Pans with Mixer

braising | tilting | mixing | pressure

UCBTG048V1

UCBTG048AV1

Optimal products include:

- Stews
- Braised Items
- Sauce Production
- Caramel
- Fillings
- Soups/Stocks
- Chocolate
- Jam/Jelly

Cucimix

Fully Automated Cooking Unit. Take the labor out of the production of large volume products and increase the consistency, including automated controlled stirring and heating through a large variety of programming to customize and adapt to any recipe.

Stews, Braises, Beans, Pastry Products all can be very accurately controlled by breaking down your recipe into steps and saving the program for consistency. 3 zone wall heating system. Recipes can be transferred from unit to unit via USB port. HACCP ready.

Standard Features

- Heating by means of armored elements in INCOLOY-800 alloy controlled by electronic board.
- Temperature control by system with two probes (product/bottom)
- Automatic mixing device with three arms complete with vertical blade for scraping walls, entirely removable to facilitate cleaning, adjustable from the control panel according to the product to be processed.
- Electronic control by means of multifunctional keyboard with Touch Screen 7" with easy and clear messages.
- USB connection to download HACCP data, update the software and load cooking programs.
- Ability to integrate the machine using communication protocol MODBUS over RS485 serial interface.

New Firex electronic control panel, cutting-edge technology in the kitchen.

FTC Firex Touch Control

The FTC Firex Touch Control is practical and intuitive cutting edge touch-control system for setting and adjusting the operation of each piece of cooking equipment installed. A large 7" display allows you to program at the touch of a button - includes entire recipes with different stages of cooking and mixing, with the possibility of accurately setting the time, temperature, and process the diagnostics.

Mixing device with three arms - Removable

Second temperature probe

Pressure cooking at 6.53 PSI - Autoclave units only

Betterpan

From delicate egg cooking, to searing steaks and proteins, to large batch pressurized braising and cooking this unit can handle the tasks. Fully program your recipes step by step to control heat and prompt the next step for a recipe to ensure a consistent product every time, while reducing cooking times by up to 40%, using less liquid and flavoring ingredients and producing a higher yield of finished product. Core probe to monitor the product during cooking. Auto fill feature lets you choose the amount of water hot or cold needed per recipe and fills automatically. USB port provides the ability to transfer recipes from unit to unit.

Standard Features

- Heating by means of armored elements INCOLOY-800 directly in contact with the steel thermal diffuser plate fixed on the vessel bottom.
- Temperature control by system with two probes (product/bottom)
- Pressure cooking with automatic system for eliminating air from the cooking container (for cooking with saturated steam) and automatic steam condensation after cooking to allow fast and safe lid opening without steam dispersion in the room.
- Core probe, fixed at the lid
- Electronic control by means of multifunctional keyboard with Touch Screen 7" with easy and clear messages.
- USB connection to download HACCP data, update the software and load cooking programs.
- Ability to integrate the machine using communication protocol MODBUS over RS485 serial interface.

Multicooker

boiling | warming | blanching | simmering |

Multicooker

CPMDE1-24

CPMDG2-12

Large Volume Programmable Cooking Unit. For large volumes of pasta, beans, grains and legumes and vegetables being cooked repeatedly Multicooker has the solutions. With the basket lifting system and recipe program options, save labor, stress on staff, improve consistency and accuracy of cooking. The baskets can be programmed to lift at the end of each cooking cycle, providing a high level of safety to the users. Multicooker will autofill water and will also maintain that level throughout the repeated cooking of product. HACCP ready.

Standard Features

- Cooking vessel in stainless steel AISI 316 (thickness 30/10). Perforated basket in stainless steel AISI 316 (thickness 15/10) with electric tilting.
- Balanced lid in stainless steel AISI 304 (thickness 10/10).
- Supporting structure in stainless steel AISI 304 (thickness 20-30/10)
- Heat insulation guaranteed by panels in thick glass fiber.
- Outer cover in stainless steel AISI 304, fine satin finish (thickness 10/10)
- Adjustable feet in stainless steel AISI 304 to ensure leveling
- Electronic control by means of multifunctional keyboard with Touch Screen 7" with easy and clear messages.
- USB connection to download HACCP data, update the software and load cooking programs.

Optimal products include:

Multicooker - Cook & Blanch

boiling | warming | blanching | simmering | **Cook & Blanch**

ULPCE1-48
Electric pasta-cooker (48 gal)
Right blanching tank
Insulated trolley

Optimal products include:

- | | |
|-----------|----------|
| • Rice | • Pasta |
| • Beans | • Quinoa |
| • Legumes | • Grains |

A cooking and blanching system developed for the specific needs of catering - 1 or 2 pans and independent baskets. Flexible cooking equipment that can carry out most of the traditional cooking in water, such as those regarding any type of pasta, rice, soup, and vegetables, etc.

The technology used for the production of these machines guarantees fast and safe operating cycles, constant product quality, utmost working reliability and a better use of human resources.

Standard Features

- Cooking vessel in stainless steel AISI 316 (thickness 30/10). Perforated basket in stainless steel AISI 316 (thickness 15/10) with electric tilting.
- Balanced lid in stainless steel AISI 304 (thickness 10/10).
- Supporting structure in stainless steel AISI 304 (thickness 20-30/10)
- Heat insulation guaranteed by panels in thick glass fibre.
- Outer cover in stainless steel AISI 304, fine satin finish (thickness 10/10)
- Adjustable feet in stainless steel AISI 304 to ensure leveling
- Includes stainless steel washout
- Optional cooling basin trolley
- Electronic control by means of multifunctional keyboard with Touch Screen 7" with easy and clear messages.
- USB connection to download HACCP data, update the software and load cooking programs.

Limited Warranty

Crown Steam Group warrants that the equipment, as supplied by the factory to the original purchasers, is free from defects in materials and workmanship. Should any part thereof become defective as a result of normal use within the period and limits defined below, then at the option of Crown Steam Group such parts will be repaired or replaced by Crown Steam Group or its Authorized Service Agency. This warranty is subject to the following conditions:

Repairs under this warranty are to be performed by a Crown Steam Group Authorized Service Agency. Crown Steam Group cannot be responsible for charges incurred or service performed by non-Crown Steam Group Authorized Agencies. In all cases the closest Crown Steam Group Authorized Service Agency must be used.

TIME PERIOD:

One year labor, one year parts effective from the date of original purchase. The authorized service agency will require proof of purchase before performing warranty repairs.

Exceptions to standard warranty, effective within above limitations:

- Alkaline batteries are not covered under warranty.
- Maximum 90 days parts and labor warranty covers the following from date of installation: Glass windows, door seals, rubber seals, light bulbs, spark ignitors, ceramic burner tiles, sight glasses, cathodic descaler or anodes, broiler briquettes and drip shields.
- Pressure Steam Boiler Shell - Prorated 2 years extended warranty on boiler shell only - no labor.

Boiler shells which have not been properly maintained will not be covered by warranty. In all cases, parts covered by a five year warranty will be shipped FOB the factory after the first year.

- Kettles - Standard 10 year Hemisphere warranty.

EXCLUSIONS:

- Equipment failure relating to improper installation. Examples are: improper utility connection, improper utilities supply and problems due to ventilation.
- Equipment that has not been properly maintained. Examples are: calibration of controls, adjustments to pilots and burners, damage from improper cleaning, and water damage to controls.
- Equipment that has not been used in an appropriate manner, or has been subject to misuse or misapplication, neglect, abuse, accident, damage during transit or delivery, fire, flood, riot, or act of mother nature.

If the equipment has been changed, altered, modified or repaired by other than a qualified service technician during or after the limited warranty period, then the manufacturer shall not be liable for any damages to any person or to any property

Limited Warranty

which may result from the use of the equipment thereafter.

Equipment failure caused by inadequate water quality is not covered under warranty. WATER QUALITY must not exceed the following limits: Total Dissolved Solids (TDS) - 60 PPM (Parts Per Million). Hardness - 2 Grains or 35 PPM, PH Factor - 6.8 to 7.3. Water pressure 30 PSI minimum, 60 PSI maximum. Boiler maintenance is the responsibility of the owner and is not covered by warranty.

Crown Steam Group does not assume any liability for extended delays in replacing or repairing any items in the equipment beyond the control of Crown Steam Group. "Crown Steam Group shall not be liable for consequential or special damages of any nature that may arise in connection with such product or part." Should service be required at times which normally involve premium labor rates, the owner shall be charged for the difference between normal service rates and such premium rates.

This warranty only covers product shipped into the 48 contiguous United States, Alaska and Hawaii.

This equipment is intended for commercial use only. Warranty is void if equipment is installed in other than commercial application.

Warranty on all replacement parts which are replaced in the field by Crown Steam Group Authorized Service Agencies will be limited to three months on labor, and materials (parts) effective from the date of installation. See LIMITED WARRANTY - REPLACEMENT PARTS for conditions and limitations.

"THE FOREGOING WARRANTY IS IN LIEU OF ANY AND ALL OTHER WARRANTIES EXPRESSED OR IMPLIED INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS, AND CONSTITUTES THE ENTIRE LIABILITY OF Crown Steam Group. IN NO EVENT DOES THE LIMITED WARRANTY EXTEND BEYOND THE DURATION OF ONE YEAR FROM THE EFFECTIVE DATE OF SAID WARRANTY -EXCEPT WHERE NOTED."

WARRANTY: Crown Steam Group's warranty of product is limited to one year from date of purchase on both parts and labor, however the term of warranty shall not exceed 18 months from date of purchase from the factory and covers installations in the continental United States & Canada only. Crown Steam Group reserves the right to service equipment and or provide replacements on a prorated basis throughout the warranty term as deemed appropriate by Crown Steam Group. Any equipment removed from the operators facility without the written approval of Crown Steam Group prior is done so at the responsibility of the party doing so. Crown Steam Group will not accept any return or continue any repair unless written authorization is given prior to removal. Any party removing equipment does so at their own expense and liability. This warranty is as designated in Crown Steam Group's published Limited Warranty.

Additional Warranty

ADDITIONAL 1 YEAR WARRANTY NET PRICES

(Parts and Labor)

AN EXTENSION OF CROWN STEAM GROUP'S STANDARD WARRANTY MAY BE PURCHASED WITH NEW EQUIPMENT UP TO 60 DAYS AFTER THE ORIGINAL EQUIPMENT PURCHASE. EXTENDED WARRANTY DOES NOT AFFECT ITEMS WHICH HAVE LIMITATIONS OR EXTENDED PERIODS OF COVERAGE IN THE PUBLISHED Crown Steam Group LIMITED WARRANTY.

Minimum Advertised Price & Minimum Resale Internet Cart

MINIMUM ADVERTISED PRICE (MAP) POLICY

This Policy applies to all means of Advertised Pricing for all Middleby Commercial Foodservice Brands

The Middleby Corporation (hereinafter "the Corporation") is committed to supporting our Authorized Dealers and resellers selling the Corporation's products in or into the United States & Canada by continuing to provide high-quality, premium products for the foodservice industry while maintaining its brand equity and integrity. This Minimum Advertised Price Policy ("MAP POLICY") applies to ANY and ALL means of Advertised Pricing, to ANY and ALL customers, for the Commercial Foodservice Brands within the Corporation, as defined in Exhibit A. Advertising at a price below MAP will be considered a violation of this Policy. This MAP Policy will apply to any activity which the Corporation determines, in its sole and absolute discretion, is designed or intended to circumvent the intent of this MAP Policy.

- MAP Policy pricing is the Current List Price less a discount defined by Individual Brand (see Exhibit A). At a minimum, MAP would be rounded down to the nearest whole number. Certain products within a Brand's portfolio have specific MAP pricing (see Exhibit A) for pricing.
- If a Dealer offers or combines (i.e. "bundling") one or more products from a single or multiple brands of the Corporation in an advertisement, the aggregate price for all of the Corporation's products offered for sale in combination may not be lower than the cumulative MAP for each of the products when sold separately.
- At the Dealer's sole expense, the Dealer may offer or combine the following items of casters, warranty, or freight into their product's sell price, not to be below the product's MAP pricing.

The MAP Policy applies to any advertisements of the Corporation's products and designs in any and all media, including but not limited to, print advertising (e.g. magazines, catalogs, newspapers, posters, flyers and direct mail), e-mail and facsimile advertising (e.g. broadcast campaigns, flyers, coupons and similar inserts), internet or similar electronic media (e.g. Amazon, eBay, Google), Dealer websites, internet banner ads, social networks, social media blasts, search engine advertising and all other types of digital signage.

All internet advertised prices must show the product's "MAP" price or higher. Any communications stating or implying that a price below MAP may be found elsewhere on the site, that is initiated by the Dealer, would constitute advertising and would be deemed a violation of this MAP Policy. Dealers may not make any statements, displays, or communications that indicate, state, imply, or suggest that a lower price may be found at the online check out, including but not limited to: "Call for Pricing", "Chat for Pricing", "Text for Pricing", "Click for Pricing", "Email for Pricing", "Add to Cart for Pricing", "Mouse Over for Pricing", "Log In for Pricing", strike-through the price, or any of the like. This includes "shopping cart price", "chat box price" and "emailed price" that appear on the internet in any format on any Dealer's public internet website or public internet-based account, including internet search engine shopping feeds, are all subject to the Corporation MAP Policy. Website features such as automated "bounce-back" pricing emails, pre-formatted email responses, forms, automatic price display, loyalty and reward point systems and other similar features are considered "advertising" under this MAP Policy. Under this MAP Policy, the Corporation prohibits the use of split-screen, side-by-side advertising, or pop-ups to advertise a similar product of any other brand other than those that are manufactured by other brands within the Corporation. The Corporation prohibits any Dealer from redirecting (automatically, inadvertently or otherwise) a customer who is in search of a product of the Corporation or item number to any other Non Middleby brand.

No Dealer may advertise a product of the Corporation at a price in violation of this MAP Policy on any third-party platform such as Amazon, eBay, Google or any like platforms in which it may operate as a vendor or have a re-distributor operate on its behalf. No Dealer may advertise a price in violation of this MAP Policy in an effort to match or beat a competitor's price. It is a violation of the MAP Policy to advertise a price below MAP pricing, even if such advertised price was automatically or manually generated due to a MAP Policy violation by a vendor or competitor on another medium or platform.

From time to time, the Corporation may discontinue certain products or engage in promotions with respect to certain products. In such events, the Corporation reserves the right to modify or suspend the MAP Policy with respect to the affected products at its sole discretion. Such changes shall apply equally to all Authorized Dealers of the Corporation.

MINIMUM RESALE INTERNET CART PRICE (MRICP) POLICY

As Brand applicable, the Minimum Resale Internet Cart Price ("MRICP") applies to the final internet check out prices regardless of providing a customer "log in", membership, or similar (i.e., shopping cart prices, chat box prices, emailed prices, and prices on the internet website or search engines) of the Corporation's products. The Corporation requires that when Dealers sell select products (see Exhibit A) through internet sales that these products are subject to MRICP and are sold at a Brand defined discount (see Exhibit A) rounded down to the nearest whole number off the Current List Price. This MRICP Policy will apply to any activity which the Corporation determines, in its sole and absolute discretion, is designed or intended to circumvent the Intent of this MRICP Policy.

The MAP Policy and MRICP Policy apply only to advertised prices and do not apply to the price at which the products are actually sold or offered for sale to an individual customer at a Dealer's place of business, including contract negotiations, or negotiations in the field. The decision to implement and enforce the MAP Policy and MRICP Policy is solely to protect the Corporation's brands, reputation and competitiveness and the Authorized Dealers who promote and sell our products based on quantitative and qualitative factors.

POLICY VIOLATIONS

These MAP and MRICP Policies are not Intended as, nor are they to be construed as, an attempt by the Corporation to set advertised or resale prices or an agreement between the Corporation and any Authorized Dealer or other party. In addition, the Corporation will not accept any assurances of compliance with these MAP or MRICP Policies from any Authorized Dealer. Each Authorized dealer must independently choose whether to comply with the terms of these MAP and MRICP Policies. These MAP and MRICP Policies are not negotiable and will not be altered for any individual Authorized Dealer.

The Corporation, or its agent(s), will conduct a reasonable investigation in response to a suspected MAP and MRICP Policy violation. Failure to cooperate by any Authorized Dealer, including retaliatory actions by any Authorized Dealer with the Corporation's investigation will be considered an additional violation.

Failure to meet the terms and conditions of the MAP and MRICP Policies will result in full, unconditional enforcement of the penalties described below. The event of a violation will be determined solely by the Corporation.

Dealer will be subject to penalties (over a 12-month period) up to and including but not limited to:

- 1st violation: The Corporation at a minimum will issue an email communication to the non-compliant dealer requesting their compliance to the MAP and MRICP Policies. Failure to comply within 48 hours (2 days) or a repeated offense within a 30 day period will be considered a 2nd violation.
- 2nd violation: The Corporation at a minimum will issue an email notification to the non-compliant dealer, from the corporation or by the individual brand, requesting their compliance to the MAP and MRICP Policies and will hold all shipments from that Brand and or the Corporation, until all violations are resolved. Failure to comply within 48 hours (2 days) or a repeated offense within a 6 month period will be considered a 3rd violation.
- 3rd violation and each violation thereafter: The Corporation, or the brand, at a minimum will issue an email notification to the non-compliant dealer and applicable buying group as applicable requiring their compliance to the MAP and MRICP Policies and will result in (a) dealer's net pricing being increased to standard Brand market discount (see Exhibit A) off ALL Middleby Corporation Brands published List Price and (b) any and ALL available rebates, marketing incentives, or program dollars (accrued or due in total) will be forfeited. Failure to comply within 48 hours (2 days) or a repeated offense within a 12-month period, The Corporation at a minimum will issue an email notification to the non-compliant dealer and applicable buying group as applicable informing them of the a) indefinite suspension of their account with Middleby Corporation and b) permission to use the Corporation's brand trademarks, trade names, corporate logos, product images and product content will be indefinitely revoked. Reinstatement of the account, preferred pricing and applicable incentives or rebates may be re-evaluated by the Corporation in its sole discretion after 30 days.

DEALER ACCOUNTABILITY

In the case of a MAP or MRICP violation by a reseller who does not have an authorized relationship with the Corporation's brands and instead purchases the Corporation's products from an Authorized Dealer or any other reseller (i.e., dealer-to-dealer re-sale), the Corporation will pursue enforcement actions against the Authorized Dealer as provided above in these Policies.

OTHER PROVISIONS

These Policies are managed by the MAP/MRICP Policy Administrator for the Corporation. Only the MAP/MRICP Policy Administrator, Brand President, or Brand Vice President of Sales may provide direction to Dealers concerning compliance with the MAP and MRICP Policies. And ONLY the Brand President, Brand Vice President of Sales may authorize exceptions to the Policies. No other individuals, including any employee or representative of the Brands, may provide such direction or authorizations regarding these Policies to any Dealer. It is the Dealer's sole responsibility to remain aware of any changes to the Corporation's MAP and MRICP Policies.

The terms of the MAP and MRICP Policies are confidential and are not to be disclosed to other parties. The Corporation has adopted the MAP and MRICP Policies unilaterally in furtherance of its independent business strategy and reserves, at its sole discretion, the right to change the Policies and to interpret, enforce and otherwise handle all questions and issues related to the Policies.
