Double Sheet Ravioli Former RS 09

The RS 09 is a machine to produce double sheet ravioli and is suitable for all soft fillings with meat and cheese including large particulate varieties.

Its compact design make it suitable for shops and for small to medium production.

Main technical features:

- ✓ Interchangeable dies to get different shapes: square, round, half-moon and special shapes at request.
- ✓ Filling feeding system adjustable while the machine is running.
- ✓ Twin laminating group with independent pasta sheet thickness adjustment.
- ✓ Stainless steel structure with parts in anodized aluminium.
- ✓ All food contact parts are made in stainless steel or food grade material.
- ✓ Outfeed conveyor belt for finished product.
- ✓ Stainless steel electric panel, with all command, control and safety devices.
- ✓ Push-button panel according to CE standards.

| Machine | Unit | RS 09 |
|---------------|------|------------------|
| Hourly Output | Kg | 60 - 100 |
| Sheet Width | mm. | 160 |
| Size | mm. | 750 x 800 x 1640 |
