- Your perfect cup, every time, thanks to 4 user profiles
- Enjoy 12 coffees at your fingertips, including café au lait

High quality coffee from fresh beans

- 20,000 cups of finest coffee with durable ceramic grinders
- The perfect temperature, aroma and crema cup after cup*
- Easily adjust to your taste with 12-step grinder levels
- Even more flavor thanks to the extra shot function

Effortless use and cleaning for everyday enjoyment

- Easy cleaning thanks to fully removable brew group
- Up to 5000 cups* without descaling thanks to AquaClean
- Premium machine, elegantly designed for your kitchen

PHILIPS

Highlights

12 delicious coffees

Every moment has its own kind of coffee to enjoy. From powerful espresso to indulgent cappuccino, your fully automatic espresso machine delivers a perfect in-cup result without any fuss in no time.

LatteGo milk system

Top your coffee off with a silky-smooth layer of milk froth. The LatteGo mixes milk and air at high speed in the round frothing chamber, then adds a splash-free, creamy layer of milk froth to your cup at just the right temperature.

Intuitive display

There's little standing between you and your next delicious cup of coffee with our easy-to-use display. In a few steps you can customize your fresh-bean flavor and flow smoothly from craving to cup.

Coffee customizer

Make any coffee your own with the coffee customizer's easily adjustable settings for intensity, coffee and milk length.

User profiles

Enjoy coffee you love the same way every time with four user profiles that store your customized recipes. With an extra guest profile, your visitors can savor a coffee exactly the way they like, without changing yours.

Extra shot function

Boost your drink's intensity with the coffee customizer's extra-shot feature, which adds powerful flavor without the bitterness.

Perfect temperature and aroma

The Aroma Extract system intelligently strikes the optimum balance between brewing temperature and aroma extraction by keeping

the water temperature between 90 and 98°C, while regulating the water flow rate, so you can enjoy delicious coffees.

12-step grinder adjustment

Our durable ceramic grinders can be adjusted in 12 steps, so you can turn your beans into anything from ultra-fine powder to coarse grindings.

100% ceramic grinders

Our grinders are 100% pure ceramic: extremely hard and precise, so you can enjoy fresh aromatic coffee, for at least 20,000 cups.

Exceptionally easy to clean

For your convenience, you can put LatteGo drip tray and the coffee ground container in the dishwasher. This will save time and ensure a hygienic cleaning.

Specifications

Country of origin

- Made in: Romania
- Designed in: Italy

Technical specifications

- Voltage: 230 V
- Color(s): Black
- Cord length: 100 cm
- Frequency: 50 Hz
- Capacity milk carafe: 0.26 L
- Capacity waste container: 12 servings
- Capacity water tank: 1.8 L
- Coffee bean capacity: 275 g
- Weight of product: 8 kg
- Waste container: Frontal access
- Water tank: Frontal access
- Filter compatibility: AquaClean
- Pump pressure: 15 bar
