Brema
Ice Machine Cleaner

*Sold separately

Located on the front panel of the ice maker

- 1| Open the bag of BREMA Ice Machine Cleaner*.
- 2| Empty the contents into the inner basin of your machine.
- 3| Switch the AWS system on.

The ice maker will complete its wash cycle in **3 stages**:

- 1| Defrost (*yellow light ON — green light ON — blue light blinking*)
- 2| 30 mins with the water pump working (*green light ON — blue light blinking*)
- 3| 60 mins with the water inlet valve and pump working (*green light ON — blue light blinking*)

After 1.5 hours your machine will be cleaned and descaled.
