

Heavy duty stainless steel top is insulated with ceramic fabric layer over the foam to prohibit heat transfer to interior cabinet.

Top comes with standard marine edge on all sides and has a 1" (2" overall) extension on each side to allow cooking equipment to sit flat.

Exterior cabinet construction consists of full stainless front, sides and top.

Full extension drawers allow for loading and unloading of pans without tipping them.

All products are pressurized with environmentally friendly and more efficient Hydrocarbon gas

Heavy duty Fuller telescoping cartridge drawer system.

Environmentally friendly R290 Hydrocarbon gas.

Stainless steel drawer facings, linings and frames. Top drawer holds 6" deep pans and bottom drawer holds 6" deep pans.

Each drawer is equipped with s/s hooked adapter bars and magnetic gaskets that are removable for cleaning.

Electronic thermostat with external digital LED display for accurate control and easy reading.

Easy to mount plate casters (two lockable) are standard with all units.

Front accessible condensing unit for easy cleaning and maintenance.

Heavy duty, reinforced mounting points.

Tested to NSF Standard 7 requirements for food storage.

Standard with full two-year parts and labour warranties and a five-year compressor warranty.
